Air New Zealand Rarotonga International Triathalon

12 May 2012

Experience a triathlon in an island paradise

Swim in the warm clear water of one of the South Pacific's most beautiful lagoons, cycle around the entire island and run along palm fringed roads.

Rarotonga – unhurried, unspoiled, unforgettable. A magnificent reef encircles the island and the inland side of the reef features a turquoise lagoon. If you are looking for a different sort of race, this is one that most club level and age group competitors will enjoy. If you like making new friends, experiencing a new culture and enjoying lots of leisure in between events, then this is the place for you.

The Edgewater Resort & Spa ★★★★

On the sunset side of the island, this is the location of the Pasta Dinner, Awards Dinner and Tour de Raro BBQ events. In your down time don your snorkelling gear and ease yourself into the sparkling lagoon teeming with tropical fish, be pampered at the spa and enjoy the array of recreational activities and first class entertainment.
